Branding & wayfinding solutions: partner with INPS

Corporate Branding

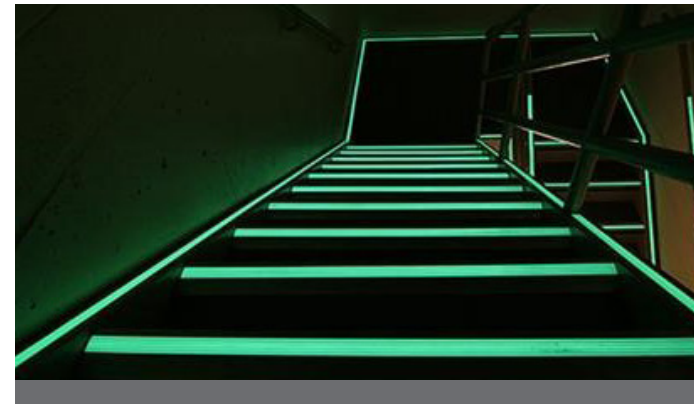

Directionals

Room Identification/Braille

By-Law Notifications

Egress Photoluminescent

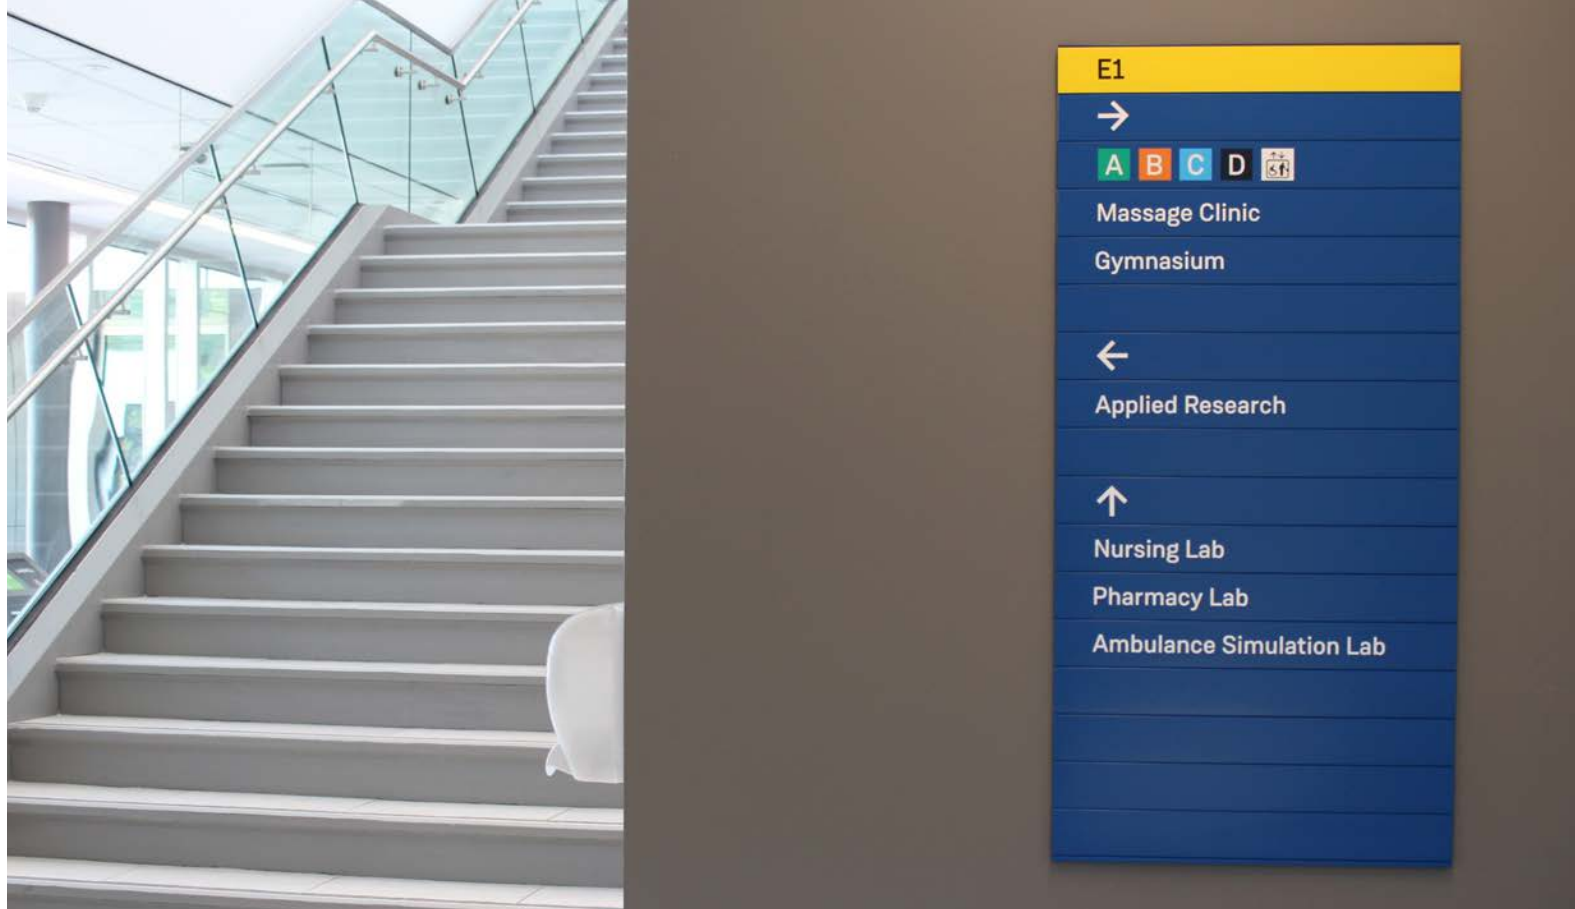

A safe and enjoyable experience – from the roadway to the front desk. INPS offers comprehensive wayfinding solutions for the public facility.

Corporate Branding

- We offer a wide array of lettering and logo solutions for your unique logo or name.
- Your business identification provides the introduction of your company to potential customers.
- INPS provides simple to elaborate solutions.
- Our manufacturing facility can cut many substrates and finish with a colour match to your corporate colours.

Directionals

- INPS offers comprehensive wayfinding solutions for your public facility.
- A user-friendly building directory transforms a confusing and lengthy customer experience into a straightforward and efficient one.
- INPS covers every step of the implementation process, including assessment, design, manufacturing and installation.
- We offer both permanent and modifiable systems that may last the lifetime of your building.
- Services also include retrofitting of existing systems according to your specific needs.

Directionals

We consider the following aspects when choosing the right solution:

- Braille
- Colour-coding
- Colour contrast
- Positioning
- Unobtrusiveness
- Simple, concise messaging
- Permanent or modifiable (insert-type for frequently modified facilities)
- Experience from the visiting customer's point of view

Room Identification/ Braille

- Improve Accessibility with Braille Signs.
- In Canada, INPS utilizes the CSA Group (Canadian Standards Association) Accessible Design For the Built Environment document revised March 2020. In the USA, INPS utilizes the ADA Accessibility Guidelines for Buildings / Facilities and Transportation.
- Accessibility Signs are important to remove barriers in society. Many people rely on Braille and Tactile accessible sign systems.

INPS applies **AODA** and **ADA** accessibility guidelines

Multipurpose
Room 1

121

By-Law Signs:

- Stairwell Signs
- Occupancy signs
- Fire Extinguisher Signs
- No Smoking Signs
- Elevator in Case of Fire
- Washroom signs
- Pool signs
- Spa and Hot tub signs

By-Law Notifications

- INPS manufactures by-law signs for Schools, Universities, Hospitals, Fitness Facilities, Corporations, Hotels and Condominium Complexes.
- Custom signage is available to match corporate colours, architectural specification or match existing signage.
- All signs comply with the Ontario Building Code, Fire Code, Safety and Health Legislations, Board of Health and Accessibility for Ontarians with Disabilities Act (AODA).

Egress Photoluminescent

- For nearly 17 years, INPS has been engineering and manufacturing Firefly™ photoluminescent products.
- We manufacture a wide range of photoluminescent products. Our offerings include everything from standard regulatory signage to custom glow-in-the-dark pieces.

*Photoluminescent products include:
Egress Signs, Exit signs, Walkway strips,
Regulatory signs, HPPL decals*

What we Offer

- Design
- Manufacture
- Project Management
- Installation
- Maintenance

Accessibility Act

The intention of the Accessibility Act is to develop a clearly articulated set of accessible standards that will provide clarity for organizations aiming to improve information and communications, as well as barrier removal.

Where to Start:

- Exits
- Room Designation
- Room Numbers
- Stairwells
- Restrooms

INPS Follows:

- Fire Codes
- Building Codes
- Municipal Codes

INPS has been involved in various projects where clients are dedicated to ensuring access within buildings and outdoor spaces as directed by Ontario's Building Code.

INPS provides training on accessibility requirements for their staff at time of hire and when relevant changes occur.

Our install team is trained on tactile/braille sign location requirements.

Interior Graphics

Smooth indoor surfaces are blank canvases that present ideal opportunities to extend, strengthen and showcase branding, or turn those walls into works of art. From printable films and colored films to décor overlaminates, the creative possibilities are endless.

Exterior Graphics

Refresh building exteriors with graphic films. An exterior wall wrap can extend the experience from inside to street side.
