DON'T PAINT IT – WRAP IT!

Say goodbye to the days of multiple paint coats, long turnaround times and related safety concerns, including high VOC emissions.

Our locomotive wraps, which meet regulatory and compliance requirements and can help you achieve reduced downtime with faster installing films and protective coverings.

Fast, cost-effective and environmentally friendly.

OUR PROCESS

Our team of professional installers come to your facility. In about a week, your locomotive is back in service and ready to roll!

Reduce your cost, your downtime, and your VOCs with our locomotive wraps.

YOUR SAVINGS

We understand your challenges such as the costs you incur for graffiti removal, washing train carriages, and the level of carbon dioxide emissions in your paint shops.

- Replacing paint by film can lead to less carbon dioxide emissions

ENDLESS POSSIBILITIES

We can print high resolution images for your locomotive wrap so you aren't limited to solid colors. With wrapping, your design possibilities are unlimited.

- Our design department can assist you in bringing your ideas to life

BETTER THAN PAINT

The finished look is indistinguishable from paint but at half the price and with infinite design options, its better than paint... and that's a wrap!

STRIPES, DECALS, LABELS

In addition to complete locomotive wraps, we also offer a full range of Graphic Films for rail applications. Waistline stripes, complete exterior decal kits, and nameplates, all made from durable weather-resistant products, easier to apply than paint.

Our team of 480 professionals located in Canada, United States and Mexico, plus our ability to offer sales and support in Europe gives us the ability of being a true manufacturer with a global reach to service the transit industry. Utilize our total solution approach within your organization. Work with a trusted partner in the industry.
