

Providing
Solutions

to the Transit
Industry
since 1966

Through the INPS Group of Companies our mission is to be your single source provider.

Whatever your requirements we have the solution.

Founded in 1966 , INPS Group has facilities through North America and Mexico.

Through the INPS Group of Companies our mission is to be your single source provider. Whatever your requirements we have the solution. INPS is a versatile and virtually unlimited manufacturer and provider of components for a large variety of industries. Through our in-house capabilities and numerous partner companies under the INPS Group, we provide full-scale component acquisition and design services to clients ranging from the largest industry players to smallest of niche businesses. No other provider seamlessly integrates itself into your company like we do.

SCOTCHGARD

Window Anti-Graffiti Film

INPS 3M Scotchgard™ Multi-Layer Protective Film 1004 includes four separate layers of optically transparent, pressure-sensitive polyester film tape designed to protect surfaces from intentional and unintentional damage caused by scratching, etching, abrasion and graffiti. Passenger Car window Anti-Graffiti Film allows a damaged film layer to be quickly and easily removed, exposing a fresh protective sheet.

Lexan Covers*

- Fire extinguisher cover
- First aid kit cover
- Emergency tool kit covers
- Door access cover

* can be custom manufactured as required

LLEPM HPPL

Luminous Exit Path Markings

INPS has worked closely with many mass transit car builders and transit authorities to design, engineer and manufacture luminous egress systems that work both functionally and financially.

Our LLEPM (low-location exit path markings) products are manufactured using the highest quality materials in terms of durability and safety. They are suitable for new or existing rubber or carpet floor coverings. With other applications such as seats and walls.
