

COVID-19

Your source for products to promote physical distancing and mitigate crowding

ENTER/EXIT POINT DOOR WRAPS AND DECALS

DOOR WRAPS AND DECALS

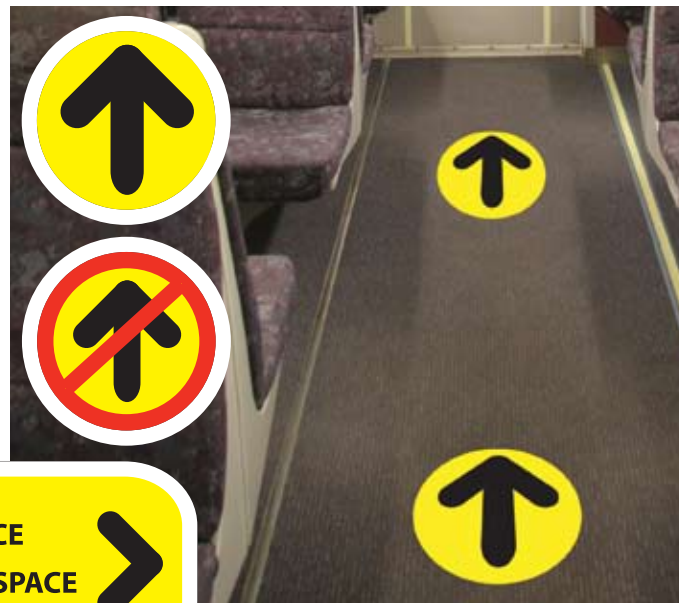

Indicate which doors are meant to be used for entering and exiting to help create passenger traffic flow.

COVID-19 FLOOR DECALS AND SIGNAGE

HIGH TRAFFIC VINYL

Floor graphics on aisles indicate directional traffic and to mark 2meter / 6' distance. Made of 3M removable vinyl with 3M overlamine for durability.

Products to promote physical distancing and mitigate crowding

PHYSICAL DISTANCING SEATING & SAFETY SEATING PROTOCOL

POLYCARBONATE BARRIERS

Allow passengers to sit closer together safely by installing barriers to prevent transference of particles emanating from talking, coughing or sneezing.

SEAT SIGNS

Set the boundaries for passenger use to encourage distancing. Headrest signs and banners are made with velcro straps for easy removal. Seat tents are made of durable plastic with velcro straps to secure in place.

FIREFLY ANTIMICROBIAL FILM FOR HIGH TOUCH SURFACES

ANTIMICROBIAL FILM WITH SILVER ION TECHNOLOGY

Designed to be easily removed and replaced, FIREFLY Antimicrobial Film provides a virtually invisible barrier that protects flat surfaces from permanent damage. FIREFLY Antimicrobial Film utilizes silver ion technology, which is applied during the manufacturing process of the film. Silver's scientifically proven antimicrobial properties protect these films from the negative effects of microbes by inhibiting their growth on the protected film's surface.

EMPLOYEE SAFETY

FACE SHIELDS

Soft padded brow guard and adjustable, latex-free elastic band, easy to clean and reuse.
