

COVID-19

Your source for products to promote physical distancing and mitigate crowding

ENTER/EXIT POINT DOOR WRAPS AND DECALS

DOOR WRAPS AND DECALS

Indicate which doors are meant to be used for entering and exiting to help create passenger traffic flow.

COVID-19 FLOOR DECALS AND SIGNAGE

HIGH TRAFFIC VINYL

Floor graphics on aisles indicate directional traffic and to mark 2meter / 6' distance. Made of 3M removable vinyl with 3M overlamine for durability.

Products to promote physical distancing and mitigate crowding

PHYSICAL DISTANCING SEATING & SAFETY SEATING PROTOCOL

POLYCARBONATE BARRIERS

Allow passengers to sit closer together safely by installing barriers to prevent transference of particles emanating from talking, coughing or sneezing.

SEAT SIGNS

Set the boundaries for passenger use to encourage distancing. Headrest signs and banners are made with velcro straps for easy removal. Seat tents are made of durable plastic with velcro straps to secure in place.

SILVERGARD™ WINDOW FILM

ANTIMICROBIAL SCRATCH RESISTANT FILM

SilverGard™ scratch resistant film designed to inhibit microbial growth and reduce life span of viruses on the film when applied as a barrier to protect surfaces. Available in single and 4-layer film.

AEGIS PROTECT

AEGIS FOR HIGH TOUCH SURFACES

AEGIS is a protective shield that doesn't allow microbes to survive. It is recommended for all high touch surfaces such as doors, door knobs, push buttons, seats, armrests, hand railings, sinks, toilets... any non-food contact surface.

EMPLOYEE SAFETY

FACE SHIELDS

Soft padded brow guard and adjustable, latex-free elastic band, reusable, cleanable, protected with AEGIS microbe shield.
